

Troop Pick Up Orders

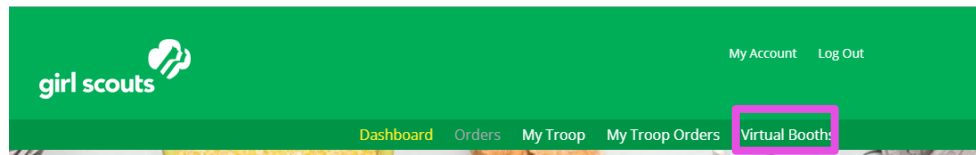

New this year-your troop can offer customers the option to pre-pay for an order for pickup at a cookie booth your troop has scheduled. Just a few steps to set up that option for the cookie booths you have signed up for in your booth scheduler and then treat the pickup orders similar to a cookie delivery.

Once you have selected a booth to add a pickup option for customers to, you will need to enter a few details about when the customer will see that pickup location as an option.

NOTE! Consider ending that option 12- 24 hours before the booth sale will begin so you have time to review and approve all orders. If you have concerns about inventory for pickup orders, consider ending the option even earlier so you can secure the necessary product for the orders.

3

If you need to edit or delete your pickup locations, you can view your list of pickup locations and edit or delete them.

Important! If you cancel a booth in eBudde, you must delete the booth from here so customers can no longer select it as a pick-up option. Check your orders tab for any orders that were scheduled to be picked up and make alternate arrangements or cancel and refund them
