

How to File a Claim

If you or one of the girls in your troop is injured, simply follow these four easy steps to claim benefits:

1. Complete and sign the front of the Claim Form as soon as reasonably possible. Be sure to provide all the information required to expedite processing and to avoid delay. Please note: if a minor, the parent's signature is required to process the claim.
2. Have the doctor who treated the injury complete the Attending Physicians Statement on the reverse side of the Claim Form. (The claim will not be considered unless the member was treated by a Legally Qualified Physician.) An itemized billing complete with diagnosis, date(s) and procedure code(s) may be substituted for the Attending Physician's Statement.
3. Keep a copy of the completed claim form for your records.
4. Send the claim form to your council for validation along with any available bills for covered expenses which have been incurred. **Claims will not be processed without council signature.**

Upon receiving your completed Claim Form, the council will validate it in the space provided and send it to the address below for processing. Benefits will be sent directly to the provider unless otherwise instructed at the time of claim filing.

After the Claim Form and initial bills have been sent to your council, any additional bills should be sent by parent, leader or other responsible person directly to:

Activity Accident Insurance

Basic Coverage

TO THE GIRL SCOUT LEADER: Girl Scout programs are designed with a view toward safety. However, when an accident does occur, this basic accident coverage is designed to help meet the costs of accident medical care.

Every registered girl scout and registered adult member in the Girl Scout Movement is automatically covered under the plan . . . and the entire premium cost for this protection is borne by Girl Scouts of the United States of America.

It's important to note, however, that it's not the intention of this plan to diminish the need for family health insurance—or to replace the benefits that may be available under a family medical plan. Rather, it's the plan's objective to provide you and the parents of each girl entrusted to your care the assurance that, should the need arise, financial coverage is available to help pay the medical expenses of accidents that occur during normal, supervised activities of the Girl Scout program.

Girl Scout leaders need to be aware of the requirement for council approval of events or special activities apart from normal troop meetings. Additional coverage is needed if events or activities last more than two consecutive nights, or three consecutive nights if one of the nights is an official federal holiday. Please consult your council well in advance of an event requiring approval.

This brochure contains a complete description of the coverage available under this plan and answers to the questions most frequently asked. The brochure contains information on how to file claims. Please be sure to read the entire brochure carefully and retain it as a reference.

The entire premium cost of the plan is borne by Girl Scouts of the USA.

Q What is the purpose of the plan?

A To assure that every registered Girl Scout is automatically covered by accident insurance during normal supervised program activities, except those events that last more than two consecutive nights (three nights, when one of the nights is a federal holiday, such as Memorial or Labor Day). Coverage is automatic for all girls upon registration in the Movement and payment of dues.

Q On a troop level, what is meant by an approved, supervised Girl Scout activity?

A It’s an activity carried out by girls who are registered members of the Movement under the overall supervision of adults, in keeping with **Girl Scout Program Standards**. (See the following publications: Blue Book, Safety-Wise and the Handbooks. If more information is needed, ask your council.)

Q Are activities engaged in independently, that is, on their own, by one or more members of the troop, covered?

A No. Personal activities engaged in by girls, individually or in groups, on their own are not included within the meaning of “approved, supervised Girl Scout activity.”

Q If a member is injured while individually practicing skills for a badge or learning a sport, such as individual roller skating or horseback riding, is she covered?

A No. These are individual activities conducted outside of the troop and not under the direct supervision of troop leadership.

Q Are fund-raising drives and money-earning events covered?

A Yes, if they are council approved and supervised.

Q Is traveling to and from a troop meeting covered?

A Yes. The insurance includes travel directly to and from troop meetings.

Q Is a new member automatically covered when she joins a troop?

A For a new registrant who has met the requirements for membership, including payment of membership dues, insurance coverage becomes effective the date the Troop Leader receives the dues and appropriate registration paperwork. Up to 13 months of insurance coverage is provided for new members registered

in the month of September. New members and late reregistrants joining the troop after the troop registration has been sent will be covered effective the date the Troop Leader receives their registration and membership dues.

Q Are program events, (including camping), of two consecutive nights or less covered by the Basic Plan?

A Yes. All registered members participating in approved, supervised program/camping events lasting two nights or less are covered. A third consecutive night is only covered when one of the nights is a federal holiday, such as Memorial or Labor Day.

Q What are examples of events that could last more than two nights and would be excluded under the Basic Plan?

A Resident camping, wider opportunities and all sorts of trips and travel.

Q If an event lasts four or five nights, will the first two overnights be covered under the Basic Plan?

A No. The entire event is excluded from the Basic Plan, including travel to and from.

Q Is it possible to insure an event which lasts four or five nights?

A Yes. An Optional Plan of activity insurance would need to be arranged through your council to cover the entire event. Contact your council, describe the event, indicate inclusive dates, and the number of girls and adults participating.

Q If an event begins Friday after school and ends Sunday afternoon, does this meet the definition of a two-night event?

A Yes, it’s covered under the Basic Plan.

Q Would coverage be provided for a member who became ill during an approved activity?

A No. Sickness isn’t covered. Only medical expense arising out of an accident during an approved, supervised activity is covered. However, sickness caused by an accident, such as a poisonous snake or insect bite, would be covered.

Q Can Sickness insurance be provided?

A Yes. An Optional Plan of activity insurance would need to be arranged through your council. Contact your council, describe the event, indicate inclusive dates and the number of girls and adults participating.

NOTE: Accident and sickness coverage cannot be purchased for events lasting less than three nights.

Q Are nonregistered mothers, troop consultants or other persons assisting the leader covered?

A No. Only registered girl and adult members are covered.

Q Are “tagalongs” (brothers, sisters, friends) covered?

A No. If the “Tagalong” is a registered Member of a different troop/group, but is not of the proper age for the activity and is not participating as a service project, there is still no coverage. For example, a registered Daisy tagging along with the parent who is leading a Cadette troop has no coverage for the event. Conversely, a Cadette assisting at a Daisy meeting does have coverage.

Q Is it possible to insure groups of unregistered participants in approved, supervised Girl Scout activities?

A Yes, optional coverage is available for such approved Girl Scout activities as nursery units at day camp, a special community group invited to join a council sponsored event, boys who are active participants in coed activities. Consult your council for further information about Optional Plans of insurance.

Q Are covered medical expenses under this plan payable regardless of the existence of other insurance policies?

A Yes, up to \$130. When \$130 in benefits has been paid for covered medical or dental expense, any subsequent benefits for the same accident will be payable only for covered expenses that exceed the limit of benefits available under other forms of insurance or health care programs . . . up to the specified maximum. (This provision applies only to the medical and dental expense benefits. The benefits for ambulance service, accidental death or dismemberment and paralysis are payable regardless of other insurance.)
