

Each year on October 31 we celebrate the birthday of our founder Juliette Gordon Low. We are certain that when Juliette first shared her idea of a leadership organization for girls, she probably felt like we have throughout 2020 - a little nervous, unsure, and uncertain of the future. But Juliette being the brave soul that she was, did it anyway. She forged ahead with her ideas and enthusiasm and created a movement that has lasted more than 100 years and changes millions of lives.

As we celebrate this year, let's not only think of the courage Juliette displayed, but applaud our courage as we have forged ahead through this very challenging year, and managed to succeed and persevere in difficult times. We're Girl Scouts, and that's what we do.

Volunteer Toolkit Update

In partnership with GSUSA, councils across the country are preparing to launch an updated membership support resources site. This update will take place between November 18 and December 7. Which means the Volunteer Toolkit (VTK) will be unavailable during that time.

If you need volunteer support that you'd typically seek on VTK, please reach out to our [customer care team](#). We are happy to assist.

Grateful in November

Each month we have a program theme of the month, and November's theme is gratefulness. Join Donate Life Indiana for a fun and interactive Zoom meet-up. Learn about the importance of organ, eye and tissue donation and meet some of the real life superhero team members that help save lives while caring for donor heroes and their families.

Girl Scouts will earn a Donate Life Indiana patch, the NEW STEM Career badge, and ask questions about careers in the field of donation too. Look for the gold calendar events in November!
